Availability of Tier-II Marks

The stage of the selection process varies according to the post, as provided in the Recruitment Notification.

For posts where an interview forms part of the selection process:

The result being declared at this stage indicates the candidate's status for shortlisting to the interview. As the selection process for these posts is continuing, marksheets will be made available to the candidates within 15 days from the date of publication of the final result, after completion of the interview process.

For posts where the selection process does not include an interview:

Tier-II marks are being made available in the respective candidate login along with the declaration of the result.

Candidates who are required to exercise a preference under the Recruitment Notification may submit the same through the application portal in accordance with the instructions displayed in their login. Candidates are advised to exercise their preference carefully within the stipulated period.

For posts involving an interview or skill test, the schedule and call letters will be made available in the respective candidate logins after finalisation of the schedule in consultation with KVS/NVS, as applicable.

Results for the remaining posts are also being finalised and will continue to be declared in phases. Candidates are advised to regularly visit the official websites of CBSE, KVS and NVS and their application login for further updates relating to the recruitment process.
